

23rd Colloquium of African Geology (CAG23)

GENERAL PROGRAMME

University of Johannesburg, Republic of South Africa
8th - 14th January 2011

“Together in Africa for a Leading Role in Geoscience”

(Photograph by B. Cairncross)

About the CAG23 logo (*designed by H. Mouri*): The gold-bearing specimen in the shape of 'Africa' is a historical piece (size ~ 6.4cm, see above the original photograph) from Witwatersrand, South Africa. It is chosen to symbolize the precious nature of Africa in terms of its geo-heritage, and natural and mineral resources.
